

THE NEW SILK ROAD *for Italy*

COMUNE DI GENOVA

GENOVA, ITALY
Palazzo Ducale
24th January
2018

Abstract

The Swiss Corridor within the Rhine Alpine Region, serving the “One belt one road”, constitutes the signal of a new European Space of Mobility. It is an important step forward to serve Europe from the Mediterranean Sea through Genoa (port terminals) and Milano (railway gateway). Policy makers/regulators, logistic operators and the world of finance reflect on how to build a new sustainable concept for European Infrastructures and Transport policy which obviously includes non EU states also.
